Amazon SDE Career Fair

Chart your own path

Software Development Engineer Virtual Career Fair Series, 2021 - 2022

For people who like to invent, there's no better place to explore opportunities than at Amazon! Amazon Student Programs is currently looking for interns and full-time software development engineers (SDEs) to come build the future with us in 2022. Join us at the Amazon Student Programs SDE Career Fair to learn more.

RSVP here for the event on July 28, 2021: <https://app.brazenconnect.com/a/amazon-student-programs/e/xBjov>

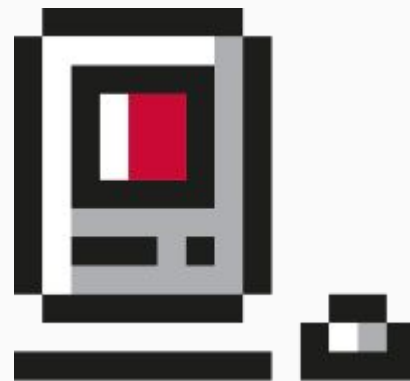

Can't join this session? We are hosting Amazon Student Programs SDE Career Fairs each month starting in July 2021!

Upcoming Amazon Student Programs SDE Career Fairs:

- August 18, 2021: <https://app.brazenconnect.com/a/amazon-student-programs/e/rbJgQ>
- September 8, 2021: <https://app.brazenconnect.com/a/amazon-student-programs/e/wWJ7j>

We can't wait to meet you!
Amazon Student Programs

*Hosted on www.brazen.com. Please complete your registration in Brazen using above RSVP link. Accessible via desktop or smartphone.

Meeting Platforms

GitHub

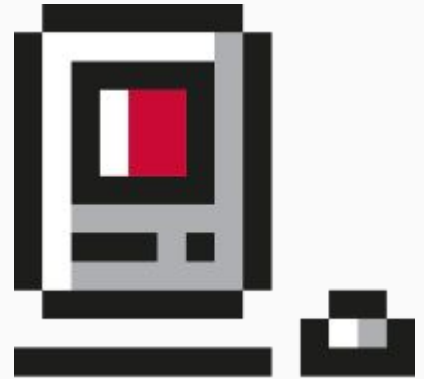

- github.com/csip-uga
- see archive -> README.md to share your solutions!

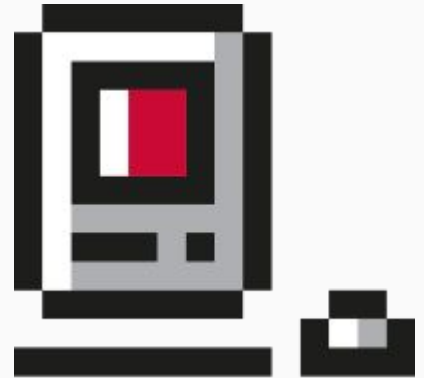

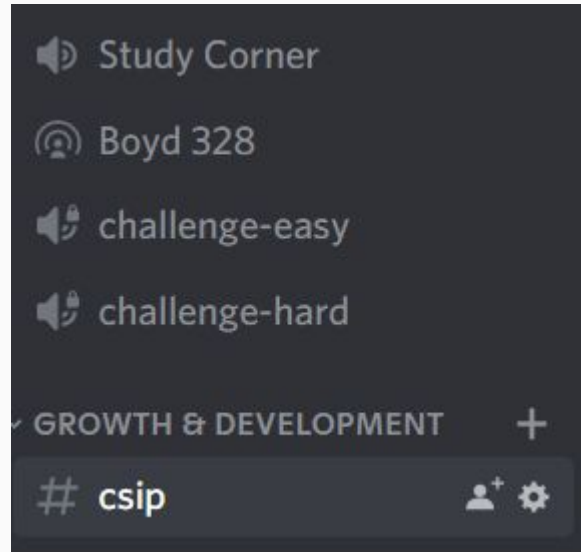

The image shows the header of a GitHub profile for 'CSIP @ UGA'. On the left is a pixelated avatar of a computer monitor with a red square on the screen. To the right of the avatar, the text 'CSIP @ UGA' is displayed in a bold, sans-serif font. Below this, the description 'Computer Science Interview Prep at the University of Georgia' is written in a smaller font. Further down, the location 'Athens, GA' and the website 'http://csip-uga.github.io' are listed with their respective icons. At the bottom of the header is a navigation bar with several items: 'Repositories' with a count of '3', 'Packages', 'People' with a count of '22', 'Teams', 'Projects', and 'Settings'. Each item has a small icon next to it.

Polls

Polls

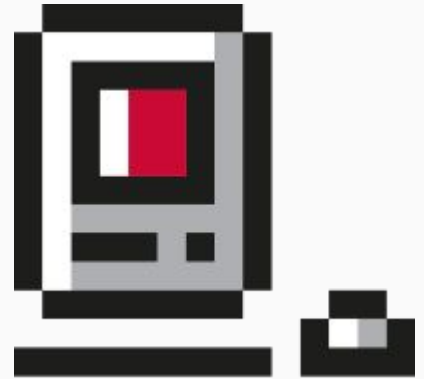

- See check-in form
- Is it socially acceptable to talk in the elevator?
- Have you introduced yourself to a recruiter before?
- Do you have an elevator pitch?

Elevator Pitch

Elevator Pitches?

- 30 seconds max
- Who you are, why they should care
- Invites follow-up, allows an exit

HELLO. MY NAME IS INIGO MONTOYA.
YOU KILLED MY FATHER. PREPARE TO DIE.

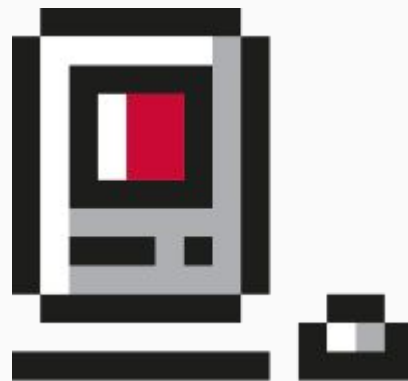

INIGO'S GUIDE TO NETWORKING SUCCESS

1. POLITE GREETING
2. NAME
3. RELEVANT PERSONAL LINK
4. MANAGE EXPECTATIONS

“Hello, my name is (name). I am a (1st/2nd/3rd/4th year) studying (major/minor) and am looking for a (full-time/part-time/internship) in (industry). Over the past few years, I have (worked/volunteered/researched) with (company/student group/etc.) as the (position/role). Through this position I have developed a better understanding of (industry) as well as useful (skills/knowledge) that I hope to use in my next position. I know that (company name) is currently hiring for (name of open position). I am very interested in applying. Could you tell me more about (opportunities available/application process/training/etc.)?”

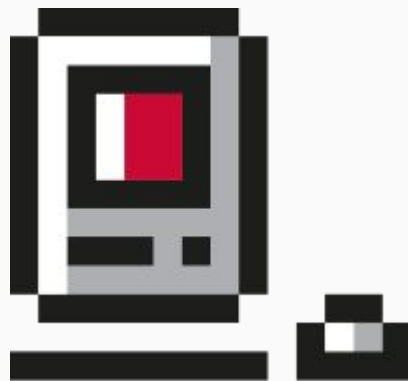

Core components

- Greeting
- Name
- Year
- Studying
- Experience
- Interest
- Question

Purpose

- Contextualize meeting
- Avoid awkward and unfeasible fits
- Allow for extended conversation
- Speed run small talk
- Have variants of your pitch
- Know when not to use them
- Follow up w/ resume!

turings

in an attempt to appeal to the pathos of my potential employers, i wrote my resume using the same format a no-kill shelter would use to describe a geriatric dog

turings

i am a gentle, mild-mannered young man looking for a forever job to spend the rest of my years in. though i may not be the most talented and versatile person on the job market, i'm the perfect employee for someone out there, and that someone just might be you(r company)!

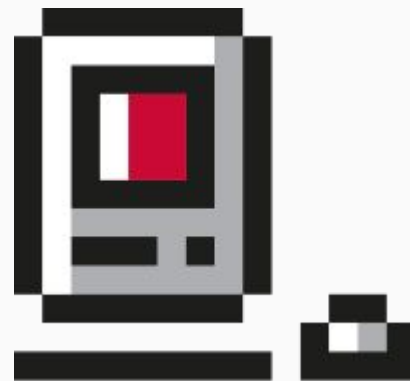

sashayed

I'm a very special girl who has captured the hearts of all our volunteers, but just keeps getting overlooked when it comes to that forever boss to call my own! Could it be you? I can use Excel and the toilet. Vaccinated.

Practice

Practice

- Pretend you're at: UGA Career Fair 8/25

Conclusion

COMPUTER SCIENCE INTERVIEW PREP (CSIP)

Summer 2021

UGA ACM is proud to present Computer Science Interview Prep! CSIP provides a platform to practice for technical and behavioral interviews. Summer sessions will be hosted virtually, and resume in-person meetings in September. We hope to see you! All experience levels welcome.
